

## AMENDMENTS TO THE CLAIMS

Claim 1. (currently amended) An optical fiber lighting device for a flower display comprising:  
at least one flower in a an open flower display;  
a lighting device having  
a power source;  
a light source driven by said power source to emit light; and  
an array of optical fibers directly receiving light emitted by said light source, said array of optical fibers transmitting said light to illuminate said at least one flower.

Claim 2. (original) The optical fiber lighting device for a flower display of claim 1 wherein said light source is a light emitting diode.

Claim 3. (original) The optical fiber lighting device for a flower display of claim 1 further comprising:

a switch to turn said light source off and on.

Claim 4. (original) The optical fiber lighting device for a flower display of claim 1 wherein said power source is at least one battery.

Claim 5. (original) The optical fiber lighting device for a flower display of claim 1 wherein said flower display is a corsage.

Claim 6. (original) The optical fiber lighting device for a flower display of claim 1 wherein said flower display is a wristlet.

Claim 7. (original) The optical fiber lighting device for a flower display of claim 1 wherein said flower display is a boutonniere.

Claim 8. (original) The optical fiber lighting device for a flower display of claim 1 wherein said flower display is a bouquet.

Claim 9. (original) The optical fiber lighting device for a flower display of claim 1 further comprising securing means to fasten said lighting device and said at least one flower to clothing.

Claim 10. (currently amended) An optical fiber lighting device for a flower display comprising:  
at least one flower in a an open flower display;  
a lighting device having  
at least one battery;  
a light emitting diode driven by said at least one battery to emit light;  
a switch to turn said light emitting diode off and on; and  
an array of optical fibers directly receiving light emitted by said light emitting diode, said array of optical fibers transmitting said light to illuminate said at least one flower.

Claim 11. (original) The optical fiber lighting device for a flower display of claim 10 wherein said flower display is a bouquet.

Claim 12. (original) The optical fiber lighting device for a flower display of claim 10 further comprising securing means to fasten said lighting device and said at least one flower to clothing.

Claim 13. (original) The optical fiber lighting device for a flower display of claim 12 wherein said flower display is a corsage.

Claim 14. (original) The optical fiber lighting device for a flower display of claim 12 wherein said flower display is a wristlet.

Claim 15. (original) The optical fiber lighting device for a flower display of claim 12 wherein said flower display is a boutonniere.
